2 D 4 F 6 B 8 G

## Czytanie (p. 146)

### 1 Suggested Answer

I know that about 70% of the Earth's surface is covered by seas and oceans. The main danger they face today is that of pollution. Many toxic chemicals and other harmful substances find their way into the sea. We need to protect our oceans by reducing pollution levels in any way we can. Individuals and governments can both play their part.

- 2 1 D *understand how and why your actions are important; motivated to change your lifestyle*  
2 H *stop using chemicals; clean your house... with natural products*  
3 E *Only buy fish that was harvested sustainably*  
4 B *Reduce your carbon emissions; Walk; Dry your clothes on a clothesline; Turn off lights*

- 5 A *Reduce the amount of rubbish you produce; reusable shopping bags and water bottles; saying no to unnecessary packaging; recycling*  
6 G *Urge governments; Start a petition*  
7 F *Tell everyone you know what is happening*

- 3 1 climate 4 fossil 7 ecosystems  
2 products 5 global 8 major  
3 toxic 6 carbon

- 4 *impact: effect*  
*estimate: believe*  
*harvested: gathered*  
*contributes to: increases*  
*acidity: sourness*  
*support: encourage*  
*petition: formal request*

### 5 Suggested Answer

I learnt that heavy fishing has made 90% of large fish disappear. Vinegar can be just as effective as chemicals in cleaning our homes. Much of our rubbish, including plastic, ends up in the sea where it harms the creatures that live there. I also learnt that a possible solution to these problems could be to collect signatures and send a petition to the government so that something is done to protect the oceans' ecosystems.

## Pisanie (p. 147)

- 1 a) The best answer is model A.  
b) A notice usually contains a heading and clear, concise information. A message contains even shorter sentences and is written in informal style.

2 1 B 2 D 3 C 4 A

#### Meeting of the Environmental Club Common Room, 24th March

There will be a meeting with the college principal in the Common Room on Friday, 24th March to discuss ways to make the college more environmentally friendly. The meeting starts at 6 pm so please ensure that you are on time. Topics such as recycling and car pooling will be discussed. Your ideas are all welcome. Those interested are requested to email their suggestions to me by Wednesday, 22nd March, at the latest.
